

Medicine Wheel & 12 Steps Firestarter Training

What is the Firestarter Medicine Wheel and 12 Step Program?:

The Medicine Wheel and 12 Step program was developed to provide a culturally appropriate 12 Step program for Native American people. This program was developed by White Bison, based upon Teachings of the Medicine Wheel, the Cycle of Life and the Four Laws of Change.

How the Process Works:

The Medicine Wheel and 12 Step program is designed to teach individuals how to facilitate Circles of Recovery in their own communities. The participants of this program watch videos that explain Medicine Wheel teachings and apply them to the Steps using the workbook provided. In addition, participants share their insights and experiences in a talking circle. They also learn how to mind map their own innate knowledge around these teachings and then apply that knowledge to their daily lives and decision making processes. This program is also designed to help the individual develop trust, autonomy, and other healthy feelings and thought patterns that will help them to grow emotionally, mentally, physically, and spiritually.

Glory House History

The Glory House was founded in 1968 when a group of concerned citizens led by Dr. Roger Fredrickson, a Baptist Pastor, talked about the need for a half-way house for men getting out of prison. As a result, Glory House is now celebrating its 40th anniversary. While this facility started out with six beds, it has grown to a 56-bed facility today and is currently expanding to a 85-bed facility with the opening of the Sands Freedom Center in September, 2008.

Glory House is a non-profit facility dedicated to offering restorative and preventive programs based on spiritual and social principles of living. They are presented in a Christian environment, open to all, to assist individuals in becoming positive contributors to the community.
